

## **SEGNANA** **ANNIVERSARIO**

Created on the occasion of the 150th anniversary of the distillery, 1860 numbered bottles of this grappa are produced each year, thus commemorating the year in which the company was founded. The maximum expression of the art of distilling, perfected by Segnana in over 150 years of history, the Segnana Anniversario grappa is the result of the skilful and patient distillation of the finest pomace available in a given vintage. It is an aristocratic grappa, with an intriguing deep amber colour. Its taste profile is complex and seductive.

Enjoy it at room temperature (18-20°C/64-68°F), preferably in a large “balloon” glass.

**50% vol.**
